

Loto des Nombres

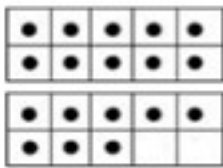

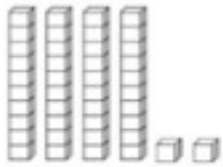

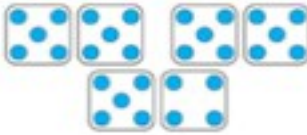

(Niveau CP)

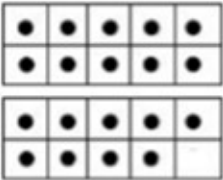

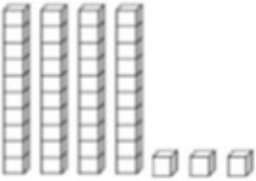

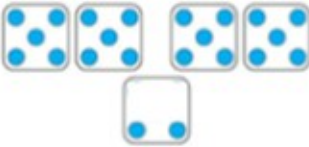

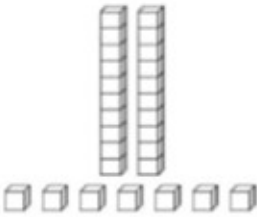

Comment jouer :

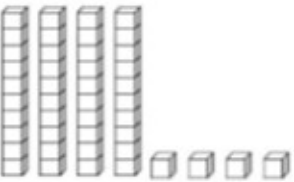

- 1) On choisit chacun 1 ou 2 cartons (je vous conseille d'en prendre 3 si vous jouer en duo)
- 2) A tour de rôle, on pioche un nombre, et si on a une représentation du nombre sur son carton, on pose un jeton (ou l'étiquette du nombre) sur la case concernée.
- 3) On peut jouer par ligne, colonne, ou carton entier (à décider dès le début du jeu), le premier qui a rempli une ligne, colonne ou carton a gagné ;)
